One Software. Multiple Workspaces. DSCSA Compliant.

**Ask About the Network Version
with 1-Click Print® TODAY!**

Pearson Medical
Technologies SAFE • SMART • EFFICIENT

Network Requirements:

- Windows® 10 Pro or higher
- Active Directory (AD) for Network Authentication
- .NET Framework 4.6 or higher
- TCP/IP, Named Pipes, and UDP protocols enabled
- 50 GB hard drive space
- 16 to 32 GB of RAM
- i5 12th Gen Processor with 2.0GHz
- SQL Server Express/Standard/Enterprise Installed

Client Workstation Requirements:

- Windows® 10 Pro or higher
- 8 to 16 GB of RAM
- i5 12th Gen Processor with 2.0GHz
- Enabled Communication for SQL Server
- .NET Framework 4.6 or higher

Key Features:

Fully DSCSA Compliant:

Automatically parses DSCSA barcode data, including GTIN, serial numbers, lot numbers, and expiration dates.

Advantages of Networking:

Rules-Based Workflow. One User Database. One Drug Database. One Template Database

1-Click Print®:

Generate DSCSA-compliant labels instantly with pre-populated data fields.

Centralized Database Management:

Manage drug databases, user profiles, and label templates across all connected workstations.

Use m:Print® v4 Networking to standardize label template design requirements throughout the health system.

Any Label. Any Printer. Your Design.
Package Pills. Print any label to any printer.
